

**REMARKS**

In accordance with the foregoing, claims 1, 7, 17 and 18 have been amended and claim 24 has been added. Claims 1-14, 17-18 and 20-24 are pending and under consideration.

The rejections are respectfully traversed. Using independent claim 1 as an example, this claim recites displaying a number of the major channel as a separate digit from the minor channel numbers. In contrast, Eyer teaches displaying in the format of ABC-1, ABC-2 or 10.1, 10.2. Eyer, col. 9, ln. 67 to col. 10, ln. 2.

The remaining references do not overcome this deficiency in Eyer, and are not relied upon to do so. Accordingly, withdrawal of the rejection is requested.

New claim 24 is similarly patentable over the cited references.

**CONCLUSION:**

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
